THE NEW
MODEL 73.**

ZOELLER 
PUMP COMPANY

LEARN MORE

» FEATURES & BENEFITS

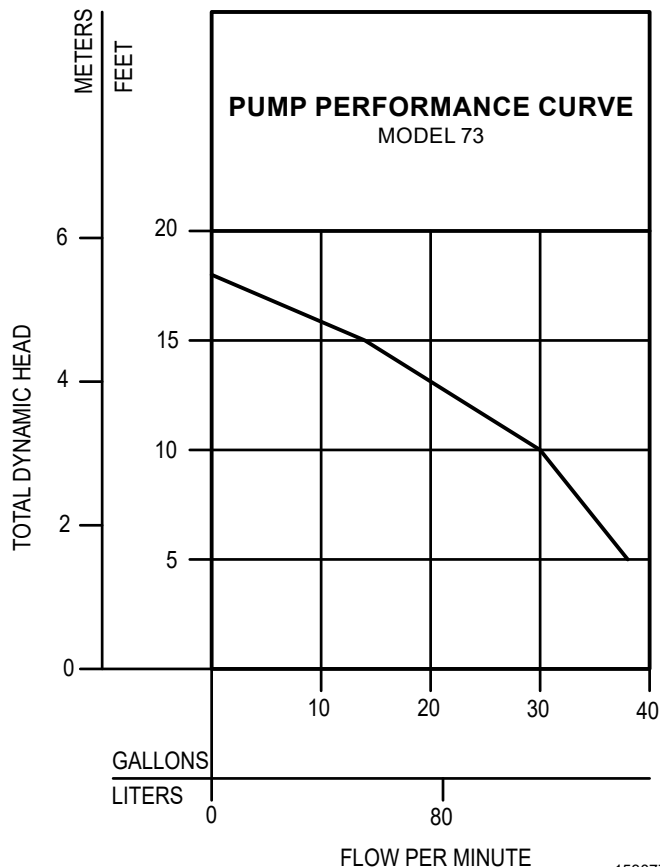

- 1/3 HP, oil-filled motor and cast-iron motor housing for optimal heat dissipation
- Powder-coated epoxy finish provides corrosion-resistance and extends the life of the pump
- Industry proven snap action switch makes for an easy installation.
- Solid, polypropylene float eliminates the possibility of water infiltration allowing the float to remain buoyant and functional at all times.
- Best Accessories: Check Valve, Pump Stand, Sump Basin

» PERFORMANCE

THE ZOELLER WAY: Every pump is submerged in water and tested to its published performance curve, delivering peace of mind right out of the box.

100%
FACTORY TESTED
