## Technical Data

### Orifice Shields

Zoeller Pump Company's Orifice Shields provide protection from the media or debris that surround an orifice in low pressure pipe applications. These simple, snap-on caps ensure that the flow from orifices in a lateral system remain uniform and consistent. Orifice shields are available in a solid cap for upward spray or a slotted cap for downward spray.

### Features

- Solid or slotted shields are available
- 3" shields easily snap onto 3/4" or 1" piping
- 4" shields easily snap onto 1-1/4", 1-1/2, and 2" piping
